### Independent Auditors' Report

Honorable Mayor, City Council, and City Manager Lexington, Nebraska

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, and each major fund of the City of Lexington, Nebraska, as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, and each major fund of the City of Lexington, Nebraska, as of September 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, listed on the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Lexington, Nebraska's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 15, 2016 on our consideration of the City of Lexington, Nebraska's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Lexington, Nebraska's internal control over financial reporting and compliance.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

The management of the city of Lexington, Nebraska presents this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2015. This discussion is to be considered in conjunction with the additional information provided in the transactions, events, and conditions reflected in the City's financial statements.

### FINANCIAL HIGHLIGHTS

The assets of the City exceeded its liabilities by \$53,537,127 (net position). Of this amount, \$3,477,587 (unrestricted net position) may be used to meet the government's ongoing obligations to its citizens and creditors.

The City's total net position increased by \$1,525,869 in comparison with the previous year. Of this amount, \$857,009 was the increase from governmental activities. Business-type activities net position increased by \$668,860.

The City's governmental funds reported combined ending fund balances of \$2,245,264. Of this total fund balance, 65%, or \$1,462,478 is available for spending at the City's discretion (unassigned fund balance), all of which is in the General Fund.

The City's total long-term debt decreased \$931,713. This decrease is due primarily to scheduled payments to pay down debt.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The City's basic financial statements are comprised of three components: 1) the government-wide financial statements 2) fund financial statements and 3) notes to the financial statements. In addition to the basic financial statements this report contains supplementary information.

### **GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The <u>statement of net position</u> presents information on all of the City's assets and liabilities, with the difference between the two being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or declining.

The <u>statement of activities</u> presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported when the event causing the change occurs, regardless of the timing of the related cash flows. Therefore, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a portion of their costs through user fees and charges (business-

type activities). Governmental activities of the City include general administrative services, planning and zoning, public safety, aging services, library, aquatic, recreation and parks, cemeteries, and streets. Also included are economic development and housing as well as debt service. Business-type activities include electric, water, sewer, sanitation, landfill, and ambulance.

The government-wide financial statements include not only the City of Lexington itself (known as the primary government), but also a legally separate City of Lexington Community Development Agency for which the City is financially accountable. Financial information for this component unit is reported separately from the financial information presented for the primary government.

The government-wide financial statements can be found on pages 16-18 of the report.

### FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific purposes. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All City funds are divided into three categories: governmental, proprietary, and fiduciary.

### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The City maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, which is considered to be a major fund.

The City adopts an annual appropriated budget for all its funds. A budgetary comparison statement has been provided for all funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 19-23 of this report.

### Proprietary Funds

The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its electric, water, sewer, sanitation, landfill, and ambulance. Internal service funds are used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its health fund and central garage. Because these services benefit both governmental and business-type functions, they have been allocated to the governmental and business-type activities in the government-wide financial statements based on usage.

Proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the electric, water, sewer, sanitation, landfill, and ambulance; all funds are considered to be major funds of the City. Internal service funds are presented combined in the proprietary fund financial statement section.

The basic proprietary fund financial statements can be found on pages 24-28 of the report.

### Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Currently, the city of Lexington has no fiduciary funds as defined by the Governmental Accounting Standards Board.

### NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Notes to the financial statements can be found on pages 29 - 52 of the report.

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

This analysis requires focus on the current-year results in comparison with the prior year and the positive and negative aspects of this comparison.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the city of Lexington, assets exceeded liabilities by \$53,537,127 at September 30, 2015.

By far, the largest portion of the City's net position (85.3 percent) reflects its investment in capital assets (e.g., land, buildings, improvements, utility plant, infrastructure, machinery and equipment); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future

spending. Although the City's investments in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

### City of Lexington Condensed Statement of Net Position September 30, 2015

	Governmental Activities		Business Ty	pe Activities	Total	
	2015	2014	2015	2014	2015	2014
Current and Other Assets	5,492,701	6,363,421	6,122,359	5,817,831	11,615,060	12,181,252

Long-Term Liabilities						
Outstanding	3,669,587	4,086,364	12,805,135	13,419,372	16,474,722	17,505,736
Other Liabilities	1,176,687	590,666	1,660,752	1,477,057	2,837,439	2,067,723
Total Liabilities	4,846,274	4,677,030	14,465,887	14,896,429	19,312,161	19,573,459
Net Position: Invested in Capital Assets						
net of related debt	29,744,439	27,437,480	15,938,892	15,483,376	45,683,331	42,920,856
Restricted	1,339,310	117,050	3,036,899	2,771,936	4,376,209	2,888,986
Unrestricted	2,927,007	5,599,217	550,580	602,199	3,477,587	6,201,416
Total Net Position	34,010,756	33,153,747	19,526,371	18,857,511	53,537,127	52,011,258

An additional portion of the City's net assets, 8.1 percent, represents resources that are subject to external restrictions on their use. The remaining balance of unrestricted net position, 6.5 percent may be used to meet the government's ongoing obligations to citizens and creditors.

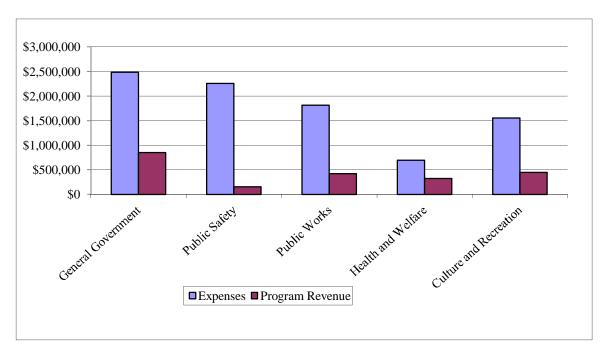

At September 30, 2015, the City is able to report positive balances in all three categories of net position; for the government as a whole, and for its separate governmental and business-type activities. The same was true for the prior fiscal year.

### **GOVERNMENTAL ACTIVITIES**

Governmental activities increased the City's net position by \$857,009; accounting for 56% of the City's growth in net position for fiscal 2015.

Expense and Program Revenues - Governmental Activities

Revenue by Source - Governmental Activities

### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### GOVERNMENTAL FUNDS

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2015, the City's governmental funds reported combined ending fund balances of \$2,245,264 a decrease of \$837,989 in comparison with the prior year. Of the \$2.245 million, 65 percent is considered unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance, 35 percent; is restricted, committed, or assigned to indicate that it is not available for new spending because it has already been committed to various contracts or projects.

The general fund is the chief operating fund of the City. At September 30, 2015, the unassigned fund balance of the general fund was \$1,476,639 which is the total fund balance. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents about 20 percent of total general fund expenditures.

### PROPRIETARY FUNDS

The City's proprietary funds provide the same type of information found in the government-wide financial statements, only in more detail.

Unrestricted net assets in the Proprietary Funds are \$550,580.

### **GENERAL FUND BUDGETARY HIGHLIGHTS**

There are no differences between the original budget and the final adopted budget.

### ALL FUNDS BUDGETARY COMPARISON

Actual combined revenue for all funds was comparable to the budget. Only an approximate 5% variance exists at year-end. All funds actual combined expenditures were also comparable to the budgeted amounts. Combined expenditures were approximately 9% under budget.

## CAPITAL ASSET AND DEBT ADMINISTRATION

### CAPITAL ASSETS

The City's capital assets for its government and business-type activities as of September 30, 2015, totals \$61,234,228 (net of accumulated depreciation). These capital assets include land, buildings, improvements, machinery and equipment, streets, bridges, storm sewers, electric plant, and water and sewer plant.

Major capital asset events during 2015 include the following:

- General Fund Capital activity consists of two projects at the Optimist Recreation Complex, the completion of the maintenance building with 2015 costs at \$27,344 and the Fieldhouse is well under way at a cost of \$883,354. The Plum Creek Park Restoration project is nearly complete at cost totaling \$119,765.
- Street projects include planning and preliminary engineering for the East Viaduct \$231,341; completion of the 6<sup>th</sup> and Grant-Taft Improvements for \$75,113; Liberty Drive \$348,165; and CIS Improvements for \$296,457. Other small projects totaled \$68,408.35.
- The Electric department installed service to Ponderosa Apartments Addition for \$55,568; Liberty Drive Housing Complex for \$34,153; under build at Orthman Manufacturing for \$69,434; and the Lexington Fieldhouse for \$26,497.
- The Water department completed CIS Improvements at a cost of \$84,324; installed water line for NW 3<sup>rd</sup> Addition for \$34,542, and \$27,770 for NW Addition.
- The Waste Water Treatment Plant Support Facility project completed with 2015 expenses totaling \$616,515. Infrastructure improvements were finished at Liberty Drive for \$60,724.

	Governmental Activities		Business Type Activities		Total

Total	33,364,329	31,467,356	27,869,899	27,936,109	61,234,228	59,403,465

City of Lexington Capital Assets (net of depreciation) September 30, 2015

Additional Capital Asset information can be found in Note 5 on pages 42-43 of the report.

### LONG-TERM DEBT

At September 30, 2015, the city of Lexington had total outstanding debt of \$15,550,896. Of this amount, \$1,215,000 is General Obligation bonded debt backed by the full faith and credit of the City. Utilities bonded debt totaled \$11,768,244. \$2,567,652 represents notes to finance equipment and other contracts approved by the City Council.

### City of Lexington Total Outstanding Debt September 30, 2014 and 2015

	Governmental Activities		Business Ty	pe Activities	Total		
	2015	2014	2015	2014	2015	2014	
GO Bonds	1,215,000	1,625,000			1,215,000	1,625,000	
Revenue Bond	S		11,768,244	12,225,833	11,768,244	12,225,833	
Notes Payable	2,404,890	2,404,876	162,762	226,900	2,567,652	2,631,776	
	3,619,890	4,029,876	11,931,006	12,452,733	15,550,896	16,482,609	

The City's total debt decreased \$931,713 during fiscal 2015. Scheduled debt payments are responsible for this decrease.

State statutes do not limit the amount of general obligation or revenue bond debt a Nebraska city may issue.

Additional long-term debt information can be found in Note 7 on pages 44-47 of the report.

### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- Sales tax collections have increased annually by an average 3.02% over the past 15 years.
- Inflationary trends in the region compare favorably to national indices.

These factors were considered in preparing the City's budget for the 2016 fiscal year.

Net change in fund balances - total governmental funds:	(837,989)
Amounts reported for Governmental Activities in the Statement of Activities are different because:	
Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources. In contrast, the Statement of Activities reports only a portion of the outlay as expense. The outlay is allocated over the assets' estimated useful lives as depreciation expense for the period. This is the amount by which capital outlays exceeded depreciation in the current period.	1,404,058
Governmental funds do not present revenues that are not available to pay current obligations. In contrast, such revenues are reported in the Statement of Activities when earned.	(31,080)
The issuance of long-term debt (e.g. bonds, leases, notes) provides current financial resources to governmental funds, while the repayment of the prinicipal of long-term debt consumes the current financial resouces of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items as expenses when debt is first issued, whereas, these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	416,778
Internal service funds are used by management to charge the costs of certain activities, such as fleet maintenance and information technology, to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities.	(94,758)
Change in net position of governmental activities	857,009

### STATEMENT OF NET POSITION - PROPRIETARY FUNDS

September 30, 2015

### RECONCILIATION OF STATEMENT OF NET POSITION OF PROPRIETARY FUNDS TO STATEMENT OF NET POSITION OF BUSINESS-TYPE ACTIVITIES

September 30, 2015

Total net position - Utility Funds	19,564,878
Amounts reported for business-type activities in the statement of net position ar	re different because:
Certain Internal Service Fund assets and liabilities are included with business-type activities	(38,507)
Net position of business-type activities	19,526,371

## RECONCILIATION OF THE STATEMENT OF REVENUE, EXPENSES, AND CHANGES IN FUND NET POSITION OF PROPRIETARY FUNDS TO THE STATEMENT OF ACTIVITIES OF BUSINESS-TYPE ACTIVITIES

Year Ended September 30, 2015

685,146

Net change in fund net position - Utility Funds

Amounts reported for business-type activities in the statement of activities are different because:

Net revenue (expense) of certain Internal Service Funds are reported with	
business-type activities	(16,286)
Change in net position of business-type activities	668,860

### STATEMENT OF CASH FLOWS - PROPRIETARY FUNDS

### NOTES TO FINANCIAL STATEMENTS

### September 30, 2015

### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

#### Government

The City of Lexington, Nebraska is a municipality located in Dawson County in the south central portion of Nebraska. It operates a City Manager form of government. Citizens elect five (5) council members at large who appoint the mayor.

The financial statements of the City are presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

### Reporting Entity

The basic financial statements report on the government as a whole. They include the City of Lexington and its component unit. The discretely presented component unit reflects the financial information of the Community Development Agency (CDA). All of the board members of the CDA are appointed by the City Council. Its purpose is to develop, finance, and maintain business property.

### Government-wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole and report using the economic resources measurement focus on the accrual basis of accounting. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities are generally financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods and services.

In the Statement of Net Position, both the governmental and business-type activities are presented on a consolidated basis which recognizes all long-term assets, receivables, and long-term debt and obligations. The City's net position is reported in three categories – net investment in capital assets; restricted net position; and unrestricted net position.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### September 30, 2015

### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

#### Government-wide Financial Statements (Continued)

The Statement of Activities reports both the gross and net cost of each of the City's governmental functions and business-type activities. The net costs of each governmental function are also supported by general government revenues (taxes and certain intergovernmental revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the governmental function or business-type activity.

<u>Discretely Presented Component Unit</u> – The CDA reports using the economic resources measurement focus on the accrual basis of accounting.

### Fund Financial Statements

The financial transactions of the City are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its asset, liabilities, reserves, fund equity, revenues and expenditures/expenses.

The governmental funds financial statements use the current financial resources measurement focus on the modified accrual basis of accounting. Revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the accrual basis of accounting when the related liability is incurred except for principal and interest on general obligation bonds, which are reported as expenditures when paid.

The following fund types are used by the City:

### Governmental Fund Types

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the City:

<u>General Fund</u> is the general operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in another fund.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### September 30, 2015

### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

#### Fund Financial Statements (Continued)

<u>Special Revenue Funds</u> are used to account for the proceeds of specific revenue sources that are legally restricted or designated by management to expenditures for specific purposes.

<u>Debt Service Funds</u> are used to account for the accumulation of funds for the payment of principal, interest, and related costs on general long-term debt.

#### Proprietary Fund Types

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the City:

<u>Enterprise Funds</u> are required to be used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

<u>Internal Service Funds</u> are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City or to other governments on a cost-reimbursement basis. Because the principal users of the internal services are the City's governmental activities, the financial statement of the internal service funds have been allocated to the governmental fund activities columns when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. GASBS No. 34 sets forth minimum criteria for the determination of major funds. Some funds may have been reclassified as major from the prior year.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2015

### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

#### Fund Financial Statements (Continued)

The following funds are considered major funds:

### Governmental Funds

General Fund as previously described

<u>Federal Grant Funds</u> is a special revenue fund that accounts for revenues and expenditures for the grants for community development.

<u>Street Fund</u> is a special revenue fund that accounts for revenues and expenditures for the maintenance, construction, and improvements of the streets of the City.

<u>Economic Development Funds</u> account for revenues and expenditures for community economic development.

<u>Debt Service Fund</u> accounts for the accumulation of funds for the payment of principal, interest, and related costs on long-term debt.

<u>Meals on Wheels Fund</u> accounts for revenue and expenditures related to the senior citizens meal and other related programs.

### Proprietary Funds (Enterprise)

<u>Utility Funds</u> account for the activities of the City's utility operation. (Electric, Water, Sewer, Sanitation, and Landfill)

Ambulance Fund accounts for activities of the City's ambulance services.

### Financial Statement Amounts:

Cash

The City has defined cash to include cash on hand, cash in banks and certificates of deposit (valued at cost plus accrued interest to September 30, 2015).

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### September 30, 2015

### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED</u>)

#### Financial Statement Amounts (Continued)

#### Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include property taxes, sales and use taxes, franchise taxes, grants, and interest.

Business-type activities report utilities including trade receivables and unbilled utilities, and interest as their major receivables.

In the fund financial statements, material receivables in governmental funds include revenue accruals for property taxes, sales and use taxes, franchise taxes, grants and other similar intergovernmental revenues since they are usually measurable and available in 60 days. Nonexchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual basis, but are not deferred in the government-wide financial statements in accordance with the accrual basis.

Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. At September 30, 2015, the balances of the allowance for doubtful accounts are:

General Fund	\$ 10,000
Electric Fund	10,000
Water Fund	3,000
Sewer Fund	5,000
Sanitation Fund	2,000
Total	\$ 30,000

#### Inventory Valuation

Proprietary Fund inventories are recorded at the lower of cost (average cost) or market, using the first-in first-out method.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### September 30, 2015

### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED</u>)

#### Financial Statement Amounts (Continued)

#### Capital Assets

The City's policy is to capitalize purchased or donated capital assets, including improvements to capital assets that significantly extend the life of the assets, that have an estimated life of more than one year and a cost of \$5,000 or more. Cost includes original actual cost, estimated historical cost or the fair value at the date received of donated assets. Estimated historical cost was used to value the majority of the assets acquired prior to October 1, 2002 in the governmental activities.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided using the straight-line method of depreciation over the estimated useful lives as follows:

Buildings	20 – 50 years
Improvements	10-20 years
Electric, water and sewer plants	30 – 50 years
Machinery and equipment	5-10 years
Infrastructure	10-50 years

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

### Deferred Inflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### September 30, 2015

### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

#### Financial Statement Amounts (Continued)

#### Deferred Inflows of Resources (Continued)

Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

### Long-Term Debt

Long-term debt is reported in the government-wide statements and the proprietary fund statements. The long-term debt consists of notes payable, revenue bonds and general obligation bonds.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. Debt proceeds are reported as other financing sources and payments of principal and interest are reported as expenditures.

### Compensated Absences

The liability for compensated absences is recorded as current in other accrued expenses. In the fund financial statements, governmental funds report only the liability payable from expendable available financial resources, while the proprietary funds report the liability as it is incurred.

### Government-wide Net Position

In the government-wide statements, net position is displayed in three components.

 Net investment in capital assets – Consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### September 30, 2015

### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

#### Financial Statement Amounts (Continued)

- Restricted net position Consists of net position with constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
- 3) Unrestricted net position All other net position that do not meet the definition of "restricted" or "net investment in capital assets."

It is the City's policy to first use restricted net resources prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available.

Proprietary fund balance is classified the same as in the government-wide statements.

In the governmental fund statements, fund balances are displayed in the following classifications depicting the relative strength of the spending constraints placed on the purposes for which resources can be used:

- 1) Nonspendable fund balance amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact. As of September 30, 2015, the nonspendable fund balance was \$0.
- 2) Restricted fund balance amounts that can be spent only for specific purposes because of constraints imposed by creditors, grantors, contributors, constitutional provisions, enabling legislation or by laws and regulations. As of September 30, 2015, the restricted fund balance of \$497,992 is restricted for the following purposes:

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### September 30, 2015

### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Financial Statement Amounts (Continued)

Fund	Purpose	Amount
Federal Grant	Grant reuse and housing monies for community development projects	87,205
Economic Development	Sales tax monies designated for community economic development	367,704
Meals on Wheels	Grant monies and local contributions designated for the senior citizen meal program	43,083

- 3) Committed fund balance amounts that can be spent only for specific purposes determined by formal action of the City of Lexington, Nebraska's City Council which is the highest level of authority for the City. Commitments may be established, modified, or rescinded only through ordinances approved by the City Council. As of September 30, 2015, the committed fund balance was \$284,794 committed for street maintenance and construction.
- 4) Assigned fund balance amounts that are intended to be used for specific purposes that do not meet the criteria to be classified as restricted or committed. Under the City of Lexington, Nebraska, only the City Council may assign amounts. As of September 30, 2015, the assigned fund balance was \$0.
- 5) Unassigned fund balance all other spendable amounts.

When an expenditure is incurred for purposes for which restricted, committed, assigned, or unassigned fund balances are available, the City would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to deter the use of these other classified funds.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### September 30, 2015

### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

### Financial Statement Amounts (Continued)

#### Revenues

Substantially all governmental fund revenues are accrued in the government-wide financial statements. Dawson County bills and collects property taxes and remits to the City monthly. These taxes are deemed to be received by the City when collected by the County Treasurer.

Operating revenues for proprietary funds are those that result from providing goods and services. Subsidies and grants, which finance capital items, and other revenues, are reported as nonoperating revenue.

### **Expenditures**

Expenditures are classified by function for both governmental and business-type activities in the government-wide financial statements. In the fund financial statements, expenditures are classified by character (current, capital outlay, and debt service) in the governmental funds, and as operating and nonoperating in the proprietary funds. Proprietary fund inventory costs are reported in the period when inventory items are used, rather than in the period purchased.

### Interfund Activity

Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### September 30, 2015

### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

### Financial Statement Amounts (Continued)

### **Eliminations**

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regard to interfund activities, payables and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities.

### NOTE 2: <u>CUSTODIAL CREDIT RISK</u>

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City maintains a cash and certificate of deposit pool that is available for use by all funds except those required to maintain separate accounts. Each fund type's portion of these pools is displayed on the balance sheet/statement of net position as "Cash" under each fund's caption. State law requires that all funds held in depositories be fully insured or collateralized.

### NOTE 3: <u>RESTRICTED CASH</u>

#### Revenue Bond Funds

Under the terms of the revenue bond ordinances, all income and revenue from operation of the Enterprise Funds may be used only for specified purposes. Priorities are as follows:

#### Bond Payment Subaccount

The Enterprise Funds are required to deposit monthly an amount equal to one-twelfth of the amount of principal and interest due on the next payment date. The amount restricted is \$654,219 at September 30, 2015.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### September 30, 2015

### NOTE 3: <u>RESTRICTED CASH (CONTINUED)</u>

#### **Operating and Maintenance Account**

The Enterprise Funds are required to set aside monthly an amount sufficient for the operation and maintenance of its combined utilities. The expenses of maintenance and operations of these utilities will be paid out of this account.

#### Bond Reserve Account

The Enterprise Funds are required to maintain in this account a specified sum based on the principal outstanding (\$774,215 at September 30, 2015). Funds in these accounts may be used at any time there is insufficient money available in the Bond Payment Subaccount to pay either principal or interest on the revenue bonds as they become due.

#### Surplus Account

After providing for payment into all of the above accounts, all remaining funds shall be transferred into the Surplus Account to be used as follows:

- (a) To replace any deficiency in the above accounts.
- (b) To declare in-lieu-of tax payment so long as no deficiency exists in required payments to the above accounts, the utilities may declare an inlieu-of tax payment to the City, which can be used for any purpose authorized by law.
- (c) To retire bonds prior to maturity and also includes cash from bond issue. The amount restricted is \$1,305,588.

### Other Funds

In addition to the funds and accounts created by the revenue bond ordinances, the Enterprise Fund maintains the following special funds:

(1) Landfill Closure - This account is used to set aside funds for the estimated post-closure costs at the landfill. The amount restricted is \$299,877.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2015

### NOTE 3: <u>RESTRICTED CASH (CONTINUED</u>)

#### Grant Funds

Under the terms of the grant agreements, certain special revenue funds are restricted as follows:

- (1) Community Development Block Grants and reuse monies. The amount restricted is \$87,305.
- (2) Meals on Wheels-Meal program and outreach for the elderly. The amount restricted is \$42,474.
- (3) Economic Development The amount restricted is \$367,704.

#### Component Unit (CDA)

The amount restricted is \$4,554 for the component unit (CDA) for community development.

#### NOTE 4: <u>RECEIVABLES</u>

The receivables (net of allowances) for the City of Lexington are composed of the following:

	0	Federal		Economic	Debt		Component
	General	Grants	Street	<b>Development</b>	Service	<b>Enterprise</b>	<u>Unit</u>
Trade	22,649	0	0	0	0	385,437	0
Unbilled	0	0	0	0	0	1,454,044	0
services							
Property/sales	466,108	0	0	0	228	0	0
taxes							
Occupation	23,700	0	0	0	0	0	0
taxes							
Franchise taxes	56,062	0	0	0	0	0	0
Interest	0	0	0	0	1,678	0	1,073
Special	0	0	0	0	185,469	0	0
assessments							
Loans	0	841,318	106,200	787,428	0	0	46,358
Totals	568,519	841,318	106,200	787,428	187,375	1,839,481	47,431

The funds to pay for special assessment projects are generated through the levy of an assessment on individual property owners benefited by the project and through property taxes provided by the City to pay for the project's benefit to the general public.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2015

#### NOTE 4: <u>RECEIVABLES (CONTINUED)</u>

The assessments receivable from property owners reflected on the fund statement balance sheet are payable in annual installments of principal and interest over periods up to 10 years. The City is obligated to provide for the funding of any deficiency in the financing of these projects through the levy of property taxes. Delinquent special assessment receivables at September 30, 2015 were \$37,604.

### NOTE 5: <u>CAPITAL ASSETS</u>

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### September 30, 2015

#### NOTE 9: <u>MAJOR CUSTOMERS</u>

The City's Enterprise Funds have two major customers with sales of 10% or more of charges for utility services. The services to these customers during the year were \$8,100,483 or 39.5% of total utility service charges.

#### NOTE 10: <u>RETIREMENT PLANS</u>

The City has the following defined contribution plans for city employees. All plans are administered by outside trustees and are not included in the City's basic financial statements.

#### City Employees

City employees except policemen, after meeting one year of service, have the option to participate in a defined contribution plan, with all plan contributions held and invested by the Union Bank and Trust of Lincoln. Employees covered by the plan may contribute 3% to 6% of their salary to the plan, which is matched by the City up to 6%. Vesting provisions for City contributions provide for a period of up to 7 years to become fully vested. Employee contributions are 100% vested immediately. The City and 57 employees contributed \$113,402 for the year ended September 30, 2015.

### Police Employees

The City's police officers are covered under a defined contribution plan, with all funds held at Union Bank and Trust of Lincoln. Employees covered by the plan contribute 6.5% of their salary to the plan, which is matched by the City. After the completion of four years of service, the vesting percentage increases by 10% for each additional completed year of service, up to 100%. Employee contributions are 100% vested immediately. The City and 20 employees contributed \$61,041 to the police officers' plan for the year ended September 30, 2015. Per State Statute effective October 1, 2015, the required contribution and City match will increase to 7%.

#### Fire Pension

City firemen are covered under a defined contribution plan, with all funds held at Union Bank and Trust of Lincoln. The City contributed \$17,500 based on voluntary services for 35 firemen for the year ended September 30, 2015.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### September 30, 2015

### NOTE 10: <u>RETIREMENT PLANS (CONTINUED)</u>

#### **Deferred** Compensation

The City offers two of its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan assets are held in trust and all are solely the property and rights of the plan. They are not subject to the general creditors of the City. Thus, they are not included in these financial statements. Contributions by the City for each employee is outlined in their employment agreements. The City contributed \$22,281 between the 2 participating employees while employee contributions totaled \$7,359 for the year ended September 30, 2015.

### NOTE 11: LANDFILL CLOSURE COSTS

State and federal laws and regulations required the City to place a final cover on its landfill site when it stopped accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The \$549,691 reported as post closure care liability at September 30, 2015, represents the cumulative amount reported to date based on the use of 100 percent of the estimated capacity of the landfill. The City closed the landfill in May, 1999. Actual post closure costs may be higher due to inflation, changes in technology, or changes in regulations.

The City is required by state and federal laws and regulations to make annual contributions to finance post closure care. The City is in compliance with these requirements, and, at September 30, 2015, cash of \$299,877 are held for these purposes. The City expects that future inflation costs will be paid from interest earnings on these contributions. However, if interest earnings are inadequate or additional post closure care requirements are determined; these costs may need to be covered by additional contributions from the City.

### NOTE 12: <u>CONTINGENCIES</u>

Federal and State Grants – In the normal course of operations, the City receives grant funds from various federal and state agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liabilities for reimbursement which may arise as the result of these audits are not believed to be material.

The City is participating in grants (Special Revenue Funds) that have made loans to others for various purposes. These loans have forgivable clauses as follows:

(a) The City has owner-occupied housing with forgivable clauses totaling \$68,305. These clauses expire in 2022.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2015

#### NOTE 13: ECONOMIC DEPENDENCY

The City of Lexington's Electric Department purchases all of its electricity for resale to customers from Nebraska Public Power District. Total power purchased during the year ended September 30, 2015 was \$12,448,019.

#### NOTE 14: FRANCHISE FEES

The Lexington Utilities System (Enterprise Funds) pays franchise fees based on sales to the General Fund and are included in other miscellaneous taxes. The following is a list of franchise fees paid.

Electric	\$804,783
Water	\$ 65,422
Sewer	\$ 87,809

### NOTE 15: <u>PROPERTY TAXES</u>

Real estate and personal property taxes are levied by the County on or before October 15 of each year for all political subdivisions of the County based on assessed values as of January 1. These taxes become due and attach as an enforceable lien on property on December 31. The first half of both taxes is delinquent May 1 and the second half delinquent September 1 of the following year.

State statute limits cities to a levy of \$0.45 per \$100 of valuation, but provides for an additional levy of \$0.05 for expenses incurred in interlocal agreements. Cities may delegate up to \$0.15 of the total levy to other entities within the City (i.e. airport districts). Cities may levy taxes in addition to the \$0.50 limitation upon a vote of the people. Additionally, there is currently a statutory lid limitation which limits taxation to the prior year's level, with provisions for growth. The lid may be increased by 1% upon the approval of a three-fourths majority of the City Council.

The levy set in October, 2014, for the 2014 taxes which were materially collected in May and September, 2015, was set at \$0.341508 per \$100 of assessed valuation. The levy set in October, 2013, for the 2013 taxes which were materially collected in May and September, 2014 was set at \$0.341510 per \$100 of assessed valuation.

Motor vehicle taxes are due when application is made for registration of a motor vehicle. The amount collected for the motor vehicle tax is outlined in State statute.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### September 30, 2015

### NOTE 16: <u>RISK MANAGEMENT</u>

On August 1, 1982, the City established a self-funded health care plan for the benefit of eligible City employees and their eligible dependents. The plan provides reimbursement for covered charges incurred as a result of medically necessary treatment for illness or injury up to a \$1,000,000 lifetime maximum. The City purchases commercial insurance for claims in excess of coverage provided by the Fund. At September 30, 2015, the City's maximum liability was \$40,000 per employee annually under the Plan.

The City makes monthly payments equal to the payments for claims. The Plan's assets are maintained in a local bank and administered by Meritain Health. The balance held for the City, at September 30, 2015, is \$207,077.

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City purchases commercial insurance for general liability, public official's liability, property coverage, workers' compensation coverage, commercial excess liability coverage, and crime and blanket bond coverage to minimize the effects of possible exposure to these risks. There have been no significant reductions in insurance coverage from coverage in the prior year. During the past three fiscal years, there have been no settlements exceeding the amount of the City's insurance coverage.

### NOTE 17: <u>AGREEMENTS</u>

#### Management Agreement

The City has an agreement with Lexington Public Schools and Lexington Community Facilities Agency regarding the use, operation, maintenance, and lease of facilities jointly shared and constructed by above parties. The Schools are required to maintain the property. The City's original contribution towards construction constitutes sufficient consideration to cover future use of the facility by the City.

#### Communication Center Agreement

The City has an agreement with Dawson County, Nebraska, regarding a combined communication center to cover police and fire services on a 24-hour basis. The City pays an agreed-upon fee determined annually to the County.

#### Rural Fire District Agreement

The City has an agreement with the Lexington Rural Fire District for the City to provide fire and rescue protection for said District. The District reimburses the City for its share of costs.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### September 30, 2015

### NOTE 17: <u>AGREEMENTS (CONTINUED)</u>

#### Nebraska Public Power District

The City of Lexington has an agreement with Nebraska Public Power District for the maintenance, operation, and capital improvements for their electric system. Total fees paid to Nebraska Public Power District for the year ended September 30, 2015 were approximately \$1,325,000.

#### NOTE 18: <u>COMMITMENTS</u>

The City has construction projects in progress at year end with a remaining commitment of \$1,343,000. Subsequent to September 30, 2015, the City awarded additional projects totaling \$523,000.

#### NOTE 19: OTHER REQUIRED DISCLOSURES

At September 30, 2015, the following funds had deficit net position. The City will fund as needed as actual expenses occur.

Landfill Fund – major fundDeficit Amount133,831

### NOTE 20: TRANSACTIONS WITH COMPONENT UNIT

The following balances and transactions occurred between the City and its component unit (CDA):

From Component Unit	<u>To City</u>
Note payable – housing	30,000
Bond payable	263,065
Interest payable	1,073
Interest expense	16,943

### NOTE 21: ENVIRONMENTAL REMEDIATION

The City is subject to laws and regulations relating to the protection of the environment. The City's policy is to accrue environmental and cleanup related costs of a non-capital nature when it is both probable that a liability has been incurred and when the amount can be reasonably estimated. Although it is not possible to quantify with any degree of certainty the potential impact of the City's continuing compliance efforts, management believes any future remediation or other compliance related costs will not have a material adverse effect on the financial condition or reported results of operations of the City. REQUIRED SUPPLEMENTARY INFORMATION

See accompanying notes to Budgetary Comparison Schedule.

### NOTES TO BUDGETARY COMPARISON SCHEDULE

### September 30, 2015

### NOTE 1: <u>BUDGET AND BUDGETARY ACCOUNTING</u>

In compliance with Nebraska State Statutes, the City adopts a unified budget that encompasses all governmental funds, proprietary funds, and discretely presented component unit (CDA). It is prepared on the cash basis which differs from that used to present the financial statements in accordance with generally accepted accounting principles (GAAP). Such differences and their effect are summarized as follows:

Revenue over (under) expenditures and other financing sources uses (budgetary basis)	9,330
Adjustments: Adjust revenue for receivable	
accruals and deferrals	(451,138)
Adjust expenditures for payables	_286,705
Revenue over (under) expenditures	
and other financing sources uses (GAAP basis)	(155,103)

### NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Year Ended September 30, 2015

### NOTE A: <u>BASIS OF PRESENTATION</u>

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of the City of Lexington, Nebraska under programs of the federal government for the year ended September 30, 2015. The information in this schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

#### NOTE B: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

Expenditures reports on the Schedule are reported on the modified cash basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State and Local Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

### NOTE C: <u>PASS THROUGH AWARDS</u>

The City receives certain federal awards in the form of pass-through awards from the State of Nebraska and other various agencies. Such amounts received as pass-through awards are specifically identified on the Schedule of Expenditures of Federal Awards.

### NOTE D: <u>SUBRECIPIENTS</u>

Of the federal expenditures presented in the schedule, the City of Lexington, Nebraska provided federal awards to a subrecipient in the amount of \$210,000 under CFDA number 14.228 (Community Development Block Grant Program).

### NOTE E: <u>CONTINGENCIES</u>

The City receives funds under various federal grant programs, and such assistance is to be expended in accordance with the provisions of the various grants. Compliance with the grants is subject to audit by various government agencies which may impose sanctions in the event of noncompliance. Management believes that they have complied with all material aspects of the various grant provisions and the results of adjustments, if any, relating to such audits would not have any material financial impact.

### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

### Independent Auditors' Report

Honorable Mayor, City Council, and City Manager Lexington, Nebraska

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, and each major fund of the City of Lexington, Nebraska as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the City of Lexington, Nebraska's basic financial statements, and have issued our report thereon dated February 15, 2016.

### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Lexington, Nebraska's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Lexington, Nebraska's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Lexington, Nebraska's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Lexington, Nebraska's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

### **Independent Auditors' Report**

Honorable Mayor, City Council, and City Manager Lexington, Nebraska

### Report on Compliance for Each Major Federal Program

We have audited the City of Lexington, Nebraska's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that could have a direct and material effect on each of the City of Lexington, Nebraska's major federal program for the year ended September 30, 2015. The City of Lexington, Nebraska's major federal program is identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Lexington, Nebraska's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Lexington, Nebraska's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Lexington, Nebraska's compliance.

### **Opinion on Each Major Federal Program**

In our opinion, the City of Lexington, Nebraska complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2015.

### Report on Internal Control over Compliance

Management of the City of Lexington, Nebraska is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Lexington, Nebraska's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Lexington, Nebraska's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance with a type of compliance that a material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal material control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
