Existing Trails

There are a number of bicycle and pedestrian trails in and around the City of Lexington including sidewalks, on-road bicycle facilities and off-road paths. Existing on-street bicycle lanes connect to the north-south, off-road bicycle and pedestrian path just south of U.S. 30 and continue over the highway by means of a grade-separated pedestrian and bicycle path. Figure 44 shows existing on-road and off-road bicycle and pedestrian facilities in the City of Lexington. Additional information on trails in Lexington is found in the Transportation Plan.
