Re: Municipal Wastewater Treatment Facility, Secondary Digester Services
Lexington, Nebraska
Project No. 127-D1-043-06

Dear Joe,

On February 21, 2007 at 2:00 PM, two bids were received, publicly opened, and read aloud at the City Council Chambers. Attached is a bid tabulation sheet. The bids are summarized below:

BIDDERS	TOTAL BID	SCHEDULE
Liquid Waste Management, Inc.	\$96,213.00	120 days
Eriksen Construction Co., Inc.	\$128,500.00	60 days

All proposals have been reviewed. No errors or omissions were noted. The contractor's completion date for this contract is 120 days. However, the low bidder, Liquid Waste Management, qualified their bid making it contingent upon favorable test results of the biosolids and the 80 acres immediately south of the wastewater treatment facility being available for application of the biosolids.

Miller & Associates does not anticipate a problem obtaining favorable test results from the biosolids to be land applied based upon test results of the material from the previous 5 years.

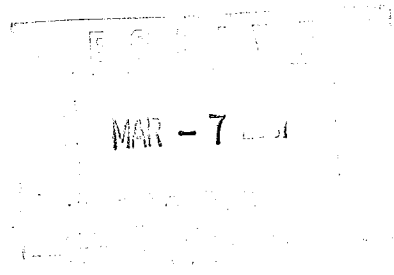

The Engineer's Opinion of Probable Construction Cost was \$100,000 to \$200,000. The low bid from Liquid Waste Management, Inc. is 3% below the lowest range of Engineer's Opinion of Probable Construction Cost. Advertisements for Bids were transmitted to the attached list of Contractors, plan houses and suppliers in the area. It is therefore recommended the bids be accepted and the contract awarded to Liquid Waste Management in the amount of \$96,213.00, and authorization given to your authorized representative to execute agreements.

Respectfully submitted,
MILLER & ASSOCIATES
CONSULTING ENGINEERS, P.C.
