City of Lexington:

Since we requested our cost of living raise at the beginning of the year fuel has skyrocketed. At present we are receiving \$13.20 a month plus .25 for fuel surcharge (approximately 1.9%) for a total monthly rate of \$13.45. Since January of 2008 fuel has risen 23.69% that is an increase of \$1.04 per gallon. Dan's Sanitation is requesting an additional fuel surcharge of \$.82 to cover these rising costs.

RESOLUTION 08-_____

WHEREAS, fuel fees have increased due to uncertain market conditions, thereby increasing the cost of operating the trash collection service for The City of Lexington.

BE IT THEREFORE RESOLVED, that effective June 1, 2008, a fuel cost adjustment fee will be charged to residential solid waste collection customers within the City of Lexington and shall be at the rate of \$1.05 per month.

BE IT FURTHER RESOLVED, that the fuel cost adjustment shall be monitored by the Lexington City Manager, and eliminated upon determination that the charge is no longer appropriate.

PASSED AND APPROVED this 13th day of May, 2008.
