APPROVAL OF ACTIVITIES OR PROJECTS EXCEEDING \$20,000.00

(Project Title)
Order # 4682125

I. Scope of Project (Brief description of work to be accomplished):

Lexington North Substation circuit 102 will be converted from 4,160 V to 13.8 kV.

II. Project Justification (Why this should be completed):

A higher voltage will support more customers on existing lines and will support the eventual removal of the North Substation.

III. Project Schedule:

IV. Estimated Project Costs:

Part 1: \$34,384.89	Part 2: \$78,302.47	Part 3: \$41,739.67
Part 4: \$24,025.27	Part 5: \$28,869.18	ENG: \$13,986.25
TOTAL: \$221,307.25		

V. Approval/Disapproval

The undersigned representative(s) of the City of Lexington and Nebraska Public Power District APPROVE/DISAPPROVE (circle one) the above-described project expenditures.
