

RESOLUTION NO. 2021- 30

WHEREAS, Section 28-467 of the Lexington City Code authorizes the City Council to establish by resolution the charges and fees for collection of refuse and garbage, and;

WHEREAS, an increase in operating expenses justifies an increase in existing rates.

BE IT THEREFORE RESOLVED, that effective January1, 2022, the charge to be collected for residential garbage pickup within the City of Lexington shall be \$15.00 per month, plus an administrative charge of \$1.00, for a total of \$16.00 per month.

BE IT FURTHER RESOLVED, that effective January 1, 2022, the charge for residential customers who are single and 65 years of age or older and living alone shall be \$13.00, plus administrative charge of \$1.00, for a total of \$14.00 per month.

PASSED AND APPROVED this 28th day of December, 2021.

John Fagot, Mayor

Dec-14-2021

To Joe Peplitsch & Council members:

Due to the increase in the landfill charges and cost of living we are asking for a \$1.00 per customer raise to help offset this cost. We are having a lot of illegal dumping going on around the city limits which is having us go through the alleys more than the normal dump days, so that way the trash is not blowing everywhere.

We would like to ask for help with new Business that come to town, letting them know that they have to have trash service when they sign up for utilities, we are having so many business using other peoples containers or taking their trash home with them and putting in the alley dumpsters.

Yard Waste was a nightmare this summer, yard clippings and construction debris cannot go in the same containers as house hold trash as the landfill highly frowns on that!!! Also tires are being put in the containers and we are getting charged per tire.

Thanks
