| Customer may supply all or a portion of their own load and deliver surplus to City. If, over the billing period, there is a net flow of energy from the City to the Customer, the Customer will be billed for the net use at regular rates. If, over the billing period, there is a net flow of energy from the Customer to the City (Net Excess Energy, "NEG"), the monetary credit for the NEG will be determined and credited against other non-energy charges billed to the customer. Any remaining credit that exists after credit is applied will be carried forward to the subsequent billing period. | | | Billed separate of regular sanitation fee. Not prorated. | | |
